NUMBER 22

NOT IN POLITICS, FARM BUREAU SAYS

Resolution Declares Group
Neutral in Choosing
Milk Director

Declaring the Lake County Farm Bureau to be a non-partisan organization and therefore neutral regarding the three candidates for director of the Seventh District of the Pure Milk Association, the Bureau in a resolution passed Saturday night instructed Farm Adviser H. C. Glickerson "to not take any active part in the discussion or campaign of any of the candidates."

The candidates referred to, but not named in the resolution, are H. A. Pfister, incumbent director, of Prairie View, who seeks re-election; H. O. Kelsey, Barrington, chairman of the Lake county board of supervisors; and W. J. Swayor, Gurnee, treasurer of the Lake-Cook Farm Supply Company. All three candidates are members of the Lake County Farm Bureau.

While the Farm Bureau and other non-partisan groups declare for neutrality in the contest, the various Pure Milk locals of the district are becoming active in the campaign and many have already taken action to boost their favorite candidates for the directorship.

Candidate Kelsey was given the nod over his opponents by Antioch producers at a meeting held at Pikeville Tuesday night when a ballot was taken for the purpose of instructing delegates to the annual meeting at Evanston. The vote gave the Barrington supervisor 13 votes, Pfister 15, and Swayor 10. The delegates are Clarence Crowley and Hugo Gussarsen.

Has 1,100 Members.

Pure Milk District No. 7, which was formerly Lake county alone now contains the Buffalo Grove and Palatine groups from Cook county, increasing the membership to about 1,100. The election will be held the latter part of January at Dist. Stables, Evanston. Following is the text of the Farm Bureau's resolution passed at Graylake Saturday night:

Graylake, Illinois

January 5, 1935

To whom it may concern:

WHEREAS, there are three candidates for Director of the 7th District of the Pure Milk Association, and

WHEREAS, all three candidates are members of the Lake County Farm Bureau, and

WHEREAS, the Lake County Farm Bureau is a non-partisan institution, therefore

BE IT RESOLVED, that the Board of Directors instruct the Farm Adviser, H. C. Glickerson, to not take any active part in the discussion or campaign of any of these candidates.

BE IT FURTHER RESOLVED, that the Board of Directors of the Lake County Farm Bureau not endorse or sponsor any candidate as an organization.

BE IT FURTHER RESOLVED, that a copy of these resolutions be spread on the minutes, a copy be sent to each of the candidates under Registered Mail, a copy to the newspapers, and a copy to the President and Secretary of each Pure Milk Local.

Passed at the regular monthly meeting of the Board of Directors of the Lake County Farm Bureau, January 5, 1935.

(Signed) C. H. BERGHOORN,

President

Lake County Farm Bureau.

Milwaukee Girl Is Bride of Antioch Business Man

A day's leave of absence taken last Saturday by Rudolph Eckert from his place of business was explained the following day when he returned from Milwaukee with his bride, who before the wedding ceremony, was Miss Florence Dana, daughter of Mr. and Mrs. Edward Dana.

The wedding took place at ten o'clock Saturday at Holy Rosary church, Milwaukee, with Miss Lucile Dana and Roman Eckert attending for the couple. A wedding dinner for the immediate families of the bride and groom was served at 12 o'clock with a reception following.

The couple will make their home in Antioch where Mr. Eckert is proprietor of the Gamble store.

Among the older subscribers renewing their subscriptions to the News this week was Adeline J. Feltner, 493 Lake street, Antioch. Mr. Feltner is the township's only surviving veteran of the civil war. Considering his advanced age, he enjoys reasonable health.

Subscriber Recalls "Way Back When"

Ira Boylan of Chicago, long a reader of the News, writes that he enjoys reading "Yesterdays," a regular department of this newspaper. "We who knew the older generation can appreciate the items probably much more than do the moderns," writes Mr. Boylan.

The "Yesterdays" columns do record local history as it was made during the passing years, and too, they show the drastic contrasts that are ever being made in a changing world. For instance, in this week's columns of "40 Years Ago" one reads that steamship passage to the old country may be purchased at the Bank of Antioch for \$10, according to the advertisement of Lewis, Brook & Melhardt, bankers. Think of that—ten bucks for a trans-Atlantic voyage. But today—well, for about \$850 one may be chummy with the ship's elite, drink cocktails with the captain and get snooty with the second-raters aboard ship.

They had their fun 40 years ago, too, remember that, for just four decades ago this week the Antioch Euchre and Pleasure Club held their first meeting at the residence of Herman Beck. But read the item in "Forty Years Ago" for a list of those present.

They worked, too, in those good old days, for we read that Williams Bros. "are building a large ice house."

Fifteen years ago Friday the thermometer registered 16 below.

In the "Ten Years Ago" items we read that the Antioch Poultry Show is to be held January 16 and 17; and that the Illinois \$100,000,000 state bond issue road program is under way.

FIREMEN PLAN FOR COUNTY MEET AT "PIGS FEET" BANQUET

Antioch firemen gnawed pig's knuckles, saporibis and sauer kraut Tuesday night at the village hall while discussing plans for entertaining the Lake County association of firemen at Tancil's Dance hall at Ingleside January 25, when the department in the western part of the county will be hosts to the county group.

Four representatives each were present from Gurnee, Fox Lake and Lake Villa, and 40 in all partook of the viands and coffee provided by the local firemen.

MARELLBAR SHEEP WIN UNUSUAL HONORS

Lake County Flock Is One
of the Finest in the
World

William Duncan, livestock specialist and sheep expert at Marellbar Farm, near Libertyville, has just returned with the farm's herd of Shropshires and Oxford's after the most successful show season in history. Duncan took the sheep for exhibition purposes to Springfield, Milwaukee, and Columbus state fairs, New York State fair, Eastern States fair at Springfield, Mass., Portland, Oregon, Davis, California, American Royal Stock Show at Kansas City, the Canadian Royal at Toronto, and closed the exhibition season at the International in Chicago, where the flock took nine firsts out of ten in the Oxford class and won the silver cup for champion Oxford ram.

The Marellbar flock this year won one of the highest honors that can be attained in any show ring—All American Shropshire ram. All American honors are not given until sectional honors have been awarded in all parts of the country. This, and the many other first awards won by the Marellbar flock makes it one of the outstanding flocks on the American continent.

Sales from the flock this year included shipments made to Germany, Argentina, South America, California, The Chicago Tribune Experimental Farm, Nebraska, Canada, Indiana, Ohio, New York, Kansas, Missouri and Oklahoma.

MRS. FERRIS AND MRS. KAYE HOSTESSES TO PAST MATRONS

Mrs. Paul Ferris and Mrs. Evan Kaye were hostesses to the Past Matrons club last Thursday evening at the Ferris home. Bridge was played and prizes were won by Mrs. George Kihaupt, Mrs. Maud Bablin and Mrs. A. R. Johnson.

DAIRY OFFICIALS CONFER WITH FEDERAL MILK ADMINISTRATOR

Producers Favor Delivery
to Antioch Plant; Seek
Bonded Buyer

Officials of the Antioch Dairy Company today are in conference with Frank E. Baker, federal milk administrator for the Chicago area, seeking the attitude of that official regarding the closing of the local plant, which at present seems inevitable through failure of the Wieland Dairy company and other big dealers to buy from the local company. The meeting today follows conferences with the Wieland company and officials of the Pure Milk Association which had failed to disclose any reasonable assurance that the Antioch plant would be continued in operation.

Representatives of the Dairy company in Chicago today are S. J. McInnis, plant superintendent, Mrs. Lillian Williams, secretary, and C. K. Anderson, vice president.

While the Wieland company still accepts milk from the local plant, loading platforms have been erected here and at Pikeville where the cans may be picked up direct from the farm producers. The company may decline to take the milk from the local plant at any time.

First news that the Wieland company contemplated dealing direct with producers instead of through the local company's plant were brought to a meeting of farmers at Pikeville on December 18, and it was deemed advisable to call a meeting of the patrons in order to get an expression of the dairymen regarding the Antioch plant. This meeting, also held at Pikeville on Christmas eve, disclosed that 53 producers were in favor of continuing delivery to Antioch, while eight favored platform delivery. Sixty-one were present.

Dairymen Favor Antioch.

This vote left no doubt as to the attitude of the producers, and a committee composed of three representative dairymen, Ralph Fields, Lester Perry and B. Gilmore, was selected to accompany three Dairy company officials to carry the news to the Pure Milk Association headquarters in Chicago and to the Wieland company. The committee reported it was told on December 27 that "nothing could be done about it; that the Wieland company was cutting expenses and preferred to pick up their milk from platforms."

Civic Enterprise.

Organized in 1927 as a civic enterprise when the plant and real estate was purchased from the Broxham Dairy company, the local plant represented an original investment of thousands of dollars, and long continued effort to assure its establishment on a paying basis. Heading the group of civic minded citizens who wished to preserve the industry for the community and to afford a convenient place of delivery for producers were W. R. Williams and C. E. Shields, veteran Antioch merchants, and R. C. Abt, at that time president of the Antioch Business Club. These three men raised the necessary capital needed to purchase the property and launch the enterprise. Later stock was sold to H. J. Vos, Mrs. Lillian Williams and C. K. Anderson.

Popular Plant.

The original company was incorporated and was granted a charter of industry for "receiving raw milk, cooling same and shipping to the Chicago market." Mr. Abt was president, Mr. Shields, secretary, and Mr. Williams, treasurer. These three, in active charge of the business for many years, saw the enterprise grow from a small beginning with a few patrons delivering a few thousand pounds of milk to nearly a hundred patrons with a daily volume of approximately 30,000 pounds. Producers have received their money regularly and their interests have been fostered by the company at all times.

Beyond question local producers are loyal to the Antioch dairy, and it (Continued on Page 5)

MISS WILSON AND MISS McCULLOUGH CO-HOSTESSES

Miss Wilson and Miss McCullough were co-hostesses to the members of their bridge club Tuesday evening at the Hardey home. Honors went to Mrs. H. H. Riechers and Miss Louise Simons.

LADIES AID TO MEET WITH MISS JONES

The Ladies Aid of the M. E. Church will hold their next meeting at the home of Miss Lottie Jones on Wednesday afternoon. Twenty-five ladies attended the meeting this week at the home of Mrs. George Kihaupt.

ANTIOCH BANKS NAME DIRECTORS AT ANNUAL MEETING

William J. Stratton Is New
Board Member at
National

Directors for both the First National Bank and the State Bank of Antioch were named yesterday afternoon at the annual meetings of stockholders. The elections at both banks proved to be routine matters of re-electing the 1931 directors, except for one change at the First National, occasioned by the election of former secretary of state, William J. Stratton to succeed W. R. Williams who tendered his resignation some weeks ago.

The four re-elected to the five member board were: Chas. K. Anderson, Wm. A. Rosing, O. S. Klass and H. J. Vos. Due to the absence of some of the board members no meeting of the directors was held.

The nine board members re-elected at the State Bank were: J. E. Brook, W. F. Ziegler, Charles Shiley, Frank Kennedy, John J. Morley, Henry Grimm, Chase Webb, Ray Prentzer and Jos. Labdon. At the directors' meeting following J. E. Brook was re-elected president and cashier; Frank Kennedy and Chase Webb, vice presidents; and Miss Grace Drom, assistant cashier.

SENTENCE HOGE TO VANDALIA PENAL FARM

Man Caught Robbing
King's Drug Store
Pleads Guilty

Charley Hoge, Antioch man who was caught robbing King's drug store on the morning of December 30, has been taken to the Illinois state prison farm at Vandalia where he will serve a sentence of one year imposed by County Judge Perry L. Persons.

Pleading guilty to a charge of petty larceny, when arraigned in county court Monday, Hoge was given the lighter sentence upon the recommendation of State's Attorney Charles E. Mason who explained that the man had stolen only "small amounts" from the drug store, totalling about \$50. Had authorities pressed the burglary charge, Hoge would have drawn a penitentiary sentence, which is mandatory upon conviction of a felony charge.

After the local drug store had been entered and money taken from cash registers on four successive nights, Proprietor Frank King notified Sheriff Lawrence A. Doolittle, who assigned Deputy Stanley Christian to watch the store on the fifth night. Shortly before daylight Hoge was seen to enter the building through a basement window and when he came into the store he was arrested by the deputy.

Hoge, heretofore considered honest by Antioch business men for whom he had worked at various times, had been drinking heavily during the days the robberies occurred. He was connected with the thefts when he left his foot prints in fullers earth spread in the store by the druggist.

HENRY J. VOS DIES IN BURLINGTON

Father of Antioch Lumbermen Leaves Wife, Eight Children

Henry J. Vos, 69, father of Herbert, Cletus and Edmund Vos of Antioch, died at 12:30 o'clock yesterday afternoon at his home in Burlington, Wis., after a short illness. His condition became critical a week ago when relatives were called to his bedside.

For a great many years he had made his home in Burlington. He is survived by his wife and eight children: five sons—Herbert J. Cletus and Edmund of Antioch, Alroy, Kansasville and Roman of Cedar Lake, Indiana; and three daughters—Merle and Elizabeth of Burlington, and Lucille of Neenah, Wisconsin. Funeral services will be conducted at 9:00 o'clock Saturday morning from St. Mary's church in Burlington.

Dairy Farmers' School to Open Wed. Jan. 16

The opening lesson for the Dairy Farmers' Evening School will be given next Wednesday evening at 7:30 at the Antioch High School. There will be other sessions each Wednesday evening for ten weeks. There is no charge for the instruction. The work is sponsored through The Federal and State Departments of Vocational Education.

Next Wednesday "Feeding the Dairy Herd" will be discussed with the farmers. Special emphasis will be given the consideration of high priced feeds and the scarcity of feeds in recommending the economical ration to feed. Experimental results showing what best to feed will be given. C. L. Kuttel, Vocational Instructor, will be in charge. All adult farmers and young men now out of school are welcomed.

'DUKE' BEIN OF TWIN LAKES IS TRAIN VICTIM

Ended Life by Stepping in
Front of Engine
Coroner Says

Paul "Duke" Bein committed suicide yesterday at Twin Lakes by deliberately leaping in front of a Chicago & North Western locomotive, according to Coroner James A. Crossen of Kenosha county who conducted the investigation into the man's death.

Bein, 54 years old, proprietor of the Roxana cafe at Twin Lakes, left notes indicating that he contemplated ending his life. One note found in his cafe stated that he was "awfully sorry I had to do this, but I thought this was the only way out."

His body was decapitated and badly mutilated. The remains were taken to Kenosha, pending instructions from relatives.

Blame Finances.

Financial difficulties were blamed by authorities for the tragedy.

The notes, found in the cash register and scattered in other parts of the cafe, were written in pencil. All left the impression he planned to end his life, the coroner said.

The engineer on the train, Thomas Maguire, of Chicago, and a Twin Lakes hotel proprietor, Jack Peterson, saw Bein approach the tracks. Both said he apparently jumped directly in front of the locomotive.

Maguire said he noticed Bein sweeping the walk in front of his building as the train approached. Bein, he said, started walking along the tracks, toward the crossing, swinging his broom as if in greeting to the engineer. Just as the engine moved onto the crossing, Maguire told Coroner Crossen and Deputy Jay Gierum, he stopped into the tracks.

Came from Illinois.

The other trainmen, Fireman Jas. Madison, of Kenosha, and Conductor Frank Archer, of Harvard, Ill., did not see the tragedy. The train, No. 917, was a mixed passenger-milk train, enroute from Kenosha to Harvard.

Bein, who was widely known throughout the resort section and by hundreds of persons who visited the Kenosha county resort, had resided in Twin Lakes for about six years, coming there from Fox Lake, Ill.

He was divorced from his wife about 5 years ago and has no children, friends said. He had one brother, Edward Bein, who resides in Chicago, but other survivors are unknown.

Former Antioch Man Dies In Beloit

John Traynor Succumbs at
Daughter's Home After
Brief Illness

Word was received here of the death of John Traynor at Beloit, Wisconsin, on Nov. 20, 1934, at the home of his daughter, Mrs. William Markley after a three weeks' illness.

Mr. Traynor was born at Sun Prairie, Wis., on April 8, 1863. He was married to Maria Little Brockhus at Wadsworth, Ill., on March 17, 1915. He spent most of his life around Antioch and Russell as a painter, but moved to Beloit 15 years ago.

Besides his wife Mr. Traynor is survived by two daughters, Mrs. Margaret Markley and Eleanor Traynor, two step-daughters, Mrs. M. Brockhus Jones of Beloit, and Mrs. Dorothy Brockhus Kessler of Chicago, and a step-son, Fred Brockhus of Beloit.

Services were held at Rosman Chapel with burial at Rockton, Ill.

COUNTY BROKE; LEGISLATURE IS ASKED TO AID

Debts Amount to More than
\$425,000; See Many
Payless Paydays

After pondering for hours over the straitened financial condition of the county, members of the board of supervisors, voted Tuesday to ask the aid of the state legislature in relieving the situation.

A resolution which asks that the state vehicle tax laws be amended to permit diversion of a portion of the refunds to meet current debts of counties was passed by the board and will be sent to representatives from this district for introduction in the assembly.

Owes Large Sum.

The county is now more than \$425,000 in debt without any available means of meeting its obligations. Of this amount \$105,000 represents bills that are owed to merchants and to supply houses for materials and supplies furnished to the different departments of the county. The sum of \$145,000 is owed to funds which have been drawn upon for relief of the more active departments while there are \$175,000 outstanding in tax warrants which the county will not be able to redeem.

While some opposition may develop in the county because of the proposed diversion of funds from the maintenance of highways to the payments of obligations of other departments of the county the supervisors anticipate such complaints as a mere whisper as against the roar that already has arisen from the throats of the unpaid.

Tradesmen Await Pay.

Merchants, many of them of limited means, have been waiting more than six months for payment of bills owed them by the county.

Members of the board believe that their proposal will meet with approval in the state legislature as there are many other counties in straitened circumstances in the state that are now crying for financial relief.

BARNEY NABER WILL OPPOSE ROSING FOR ANTIOCH SUPERVISOR

Former Holder of Office
Comes from Retirement
to Announce Candidacy

After a period of six years, Bernard F. Naber, former Antioch township supervisor, has emerged from political retirement and has announced his candidacy for that office at the forthcoming spring election. Mr. Naber was township supervisor for eight years preceding the 1929 election when he declined to become a candidate for re-election, leaving the field open for Frank B. Kennedy and Wm. A. Rosing who staged a hard-fought contest. Rosing was successful and was elected for a two-year term. Before he came up for re-election that state legislature had changed the term of office of supervisor to four years, and in 1931 Rosing again was successful, defeating F. C. James and William Regan. Since that election four years ago James has been elected police magistrate for the village of Antioch, and Regan made a successful campaign for justice of the peace.

Rosing will be a candidate for election, he told a representative of the News today.

T. B. Association Mails 5,480 Reminders

The Executive Committee of the Lake County Tuberculosis Association met at the Court House to attend to the routine business of the organization and to make plans for the year's work.

The Association this week is sending out reminders to the 5,480 people in the county who as yet have not answered the letter sent out at Thanksgiving time asking for a contribution to our Association. 7,658 people have answered this appeal and contributed \$4,858.03.

The January chest clinic will be held at St. Theresa Hospital on Wednesday, January 16, from 10 a. m. to 6 p. m.

THURSDAY, JANUARY 10, 1935

SEES END OF DEPRESSION THIS SUMMER

During 1934 retail business was substantially better than in 1933, according to leading commentators. Most surveys place the improvement at 20 to 25 per cent.

However, industry showed little or no improvement. The explanation of that seeming anomaly is that department store cash registers tinkled oftener than at any time since the beginning of depression. But basic industries, such as steel, lumber and mining, found purchasers for their products few and far between. People bought perishables—shoes, food, fuel, clothes—but they did not buy cement, shingles and similar non-perishable goods. Increased retail trade was undoubtedly due largely to heavy government relief expenditures.

The disparity between retail business and industry was especially marked during the Christmas buying season. Heavy employing industries were at an extremely low level—while stores were jammed with purchasers who bought not only necessities and staple goods, but more luxury items than in several years.

The burning question now is, When will industry come back and give regular employment? And here's a case where the commentators are a long way from seeing eye to eye. For example, a short time ago, General Charles Gates Dawes, ex-Vice President, ex-Ambassador to Great Britain, and ex-Chairman of the Reconstruction Finance Corporation, spoke before the Chicago Association of Commerce. Armed with an imposing array of charts and graphs, Mr. Dawes observed that during any depression, the demand for durable goods rises last—but rises fastest once it starts. Then he made the unequivocal forecast that June or July of the present year will mark the commencement of a period of full business prosperity. Basis for this forecast was the experience of past depressions, notably those of 1873 and 1893. In each case, according to Mr. Dawes, demand for heavy goods appeared precisely five years and six months following the stock market collapse.

BOOKKEEPING ON THE FARM

Most urban residents probably still think of the American farmer as an easy-going fellow, with little knowledge of or interest in business practices and methods, who lives from the land and doesn't involve himself in financial statements or bookkeeping systems. That picture is rapidly losing verisimilitude. The Farm Credit Administration recently announced that over a million farmers, during the past year and a half, turned in complete financial statements when applying for loans. And, according to the Dairyman's League News, at least a million more farmers kept such

records for other reasons. Business methods are, as much a part of the operation of a modern farm as of a factory.

This is representative of a great evolutionary period in agricultural history, which began ten or fifteen years ago and is gathering momentum still. The up-to-date farmer realizes that economics, finance, monetary problems, tariff legislation and similar matters exert a vital influence on his own personal affairs. He is studying and learning, and he is keeping books. Where his father may have gone for years without knowing whether he was making money or losing it, he knows precisely how his farm is going.

The influence of cooperative associations has been particularly potent in developing farm management along these lines. The co-ops, by bringing specialized knowledge and sound methods to the administration of farm problems, have made great progress—and individual farmers are following the lead.

THE REWARD FOR EXTRAVAGANCE

Government finances should be regarded precisely as individual financial problems.

When an individual spends more than he earns, he becomes insolvent. He loses his sources of credit. He loses something even more valuable—the confidence and faith of others. He eventually goes bankrupt.

The situation is no different when it comes to government, except that its credit sources are greater. It can stave off the day of reckoning longer. It can perform financial sleight-of-hand through trick bookkeeping that will serve to obscure actual facts for a time. But eventually extravagances overtake even government as they do the individual. Insolvency inevitably results from failure to balance outgo with income.

It is a common fallacy that there is no end to the taxing power of government—that it has a limitless source of income. But when taxes soar money goes into hiding. It is destroyed through business failures and shut-downs. Property is taken over by states and municipalities. Industrial developments stop, investments are curtailed. Men are thrown out of work and are unable to find other jobs. Government has the power to tax—but that is a worthless power indeed when there is nothing to tax.

The American governmental units are not bankrupt. The chances are they will never be. But the only way to remain solvent is to live within income—both as individuals and as economic entities. The institution does not exist that can go on forever spending more than it earns.

THEY GOT THEIRS—UP IN MINNESOTA

In the year 1934 the federal government sent into Douglas county, Minnesota, through its various agencies \$1,627,000—a sum which, if equally divided, amounts to \$90 for every man, woman and child in the county, or \$450.00 for an average family. "Not a bad income for times like this, and more than most of the farmers received for their farms this year," remarks the Park Region Echo.

This total includes sums received under practically all of the various phases of the new deal program for recovery, the AAA, the ERA, CWA and different types of loans made through the federal government. Wonder how this compares to the amounts received from like sources in Lake county, Illinois.

LAKE VILLA

The Band-box theatre, which furnished so much entertainment for our community last winter, will resume its series of plays again, and the first play of the season will be given by the church board group, represented by Mrs. Reinebach, on Wednesday evening, Jan. 23. There will be six plays, and season tickets will be on sale very soon for fifty cents. As was done last winter, a social time will follow the plays, and the public is invited to join in the activities.

Mr. and Mrs. T. B. Rhoades, who, with their family have been at their cottage at Minong, Wis., for several weeks, came home last week to stay until their ice house is filled. Some houses were filled last week—the Lehmann's and Weber's, but mild weather and rain put a stop to it for a while, at least.

The Ladies Aid Society will hold a "Penny" social on Wednesday evening, Jan. 16, at the Ladies Aid room, and it is to be an evening of "High Finance" where Penny is King. Games of various kinds will be provided for all, old and young, stunts, music and refreshments will provide a full evening for you. The committee, Mrs. C. Miller, Mrs. Hooper, Mrs. Frye and Mrs. Reinebach, have a fine evening planned for you.

Mr. and Mrs. Eugene Sheehan, Sr., left Saturday for St. Petersburg, Florida, where they will spend the next few months.

Mr. and Mrs. Frank Crenin and family of Rollins were guests of Mr. and Mrs. H. H. Perry last Friday evening.

H. H. Perry spent a short time with his family late last week. Mr. Perry is employed at Elgin.

Mrs. Julia Dicks spent a part of the holiday season with relatives in Chicago.

Miss Marguerite Galliger, a nurse at the State hospital at Dixon, Ill., spent New Year's with her parents, Mr. and Mrs. B. J. Galliger.

J. McCann of Gurnee, visited his daughter, Mrs. B. J. Galliger, a few days last week.

Miss Brian Hamlin, a sophomore at Kenner Hall, Kenosha, returned to Kenosha last Sunday afternoon after spending the holiday season with her parents, Mr. and Mrs. Frank Hamlin.

Edwin Kappeler is employed at the court house in Waukegan.

The local fire department will give a series of public card parties at the Village hall, the first of which will be on Thursday evening, Jan. 10. You are assured of a good time.

Mr. and Mrs. James Atwell, residents of our village for many years, celebrated their 64th wedding anni-

versary very quietly at their home here on Monday. Their niece, Mrs. Charles Wilson and husband of Zenda, Wis., called there on Sunday and many messages of congratulations were received. Both are in fairly good health and able to care for the home as usual.

William Shunk suffered a stroke of paralysis at his home here early Monday morning, and at present is recovering slowly. Mr. Wyatt, who has been staying with Mr. Shunk this winter, is not very well and is being cared for at the home of Mr. and Mrs. Jack Van Buren. Mr. William Norris is caring for Mr. Shunk.

Mr. and Mrs. Al Maier have returned home, after a very pleasant trip to California.

The Woman's Club met Tuesday in Lincoln Hall, Allendale, and following the business session, Mrs. Carolyn Hall, art director at Allendale, spoke on "Art and Artists," showing slides from the Chicago Art Institute.

Why They Are Kisses

The small crosses or x's were at one time more important than as symbols indicative of youthful romance, writes G. R. Turner in the Keweenaw City Times. Their origin dates back to a time when few people could read and in even fewer number could write. Nevertheless, wills and other public documents had to be signed somehow, so those who were unable to write merely made their mark. The solemnity of attesting one's signature to such binding agreements led, in a highly religious age, to making such marks in the form of a cross that the signer would kiss as a pledge of good faith and as an act of reverence. Thus the cross on paper became associated with the kiss.

The Dardanelles

The country around the Dardanelles straits belongs to the Turkish republic. But by the terms of the Lausanne treaty the straits are thrown open to the merchantmen and warships of all nations.

MILLBURN

The annual meeting of the church held on Monday afternoon was well attended and good reports were given from all departments of the church. A pot-luck dinner preceded the meeting.

In spite of the foggy evening, there was a good crowd at the basket social given at the church Monday evening for the benefit of the Holy Unit of Home Bureau. A short program which included the one act play, "Where, but in America," given by Ruth Minto, Bernice Bauman and Kenneth Denman was enjoyed by all. This play is entered in the Music and Drama Tournament at Grayslake Tuesday evening. The proceeds of the social will be used for the expenses of the Home Bureau delegate, Mrs. Emmett Kins, who will attend "Farm and Home Week" at the University of Illinois January 14-18.

The ladies of the church will serve their annual chicken pie dinner at the church Saturday, Jan. 12, at noon. Mr. and Mrs. J. Kault are spending several weeks at the home of Mr. and Mrs. Harry Koefo at Druce's Lake.

Miss Jean Bonner will entertain the Bridge club at her home Thursday afternoon.

Mr. and Mrs. George Dodge and sons, George and David of Oak Park, spent Saturday evening at the D. H. Minto home.

Ruth Edwards returned to Chicago after spending a week with her parents, Mr. and Mrs. Frank Edwards. The annual meeting of the Millburn cemetery association will be held in the church parlor Monday, January 14, at two o'clock.

Mr. and Mrs. Ed Groehl entertained relatives from Chicago Sunday.

Fair-mindedness

The expression, "an open mind" refers to the state of mind when one can view a thing dispassionately and even if he has convictions on one side of the question, can still feel that the other side may be right and he may be wrong. It might be referred to as "just" or "fair" state of mind.

The Indian Head Penny

No one person posed for the design on the Indian head penny. The Treasury department always states that the designs are idealized conceptions of the artists. Very often several models are used.

Under Soviet Rule

One-third of all the members of the white race are under the rule of the Russian Soviet.

Edison Disliked Decorations

Upon Thomas Edison's second trip to Europe the French Telephone company offered him a decoration which required that he wear a long sash. But the Ohioan flatly refused with the assertion that he couldn't "stand for that." Persuaded by his wife, he did however consent to wear the little red sash of the League of Honor. But whenever he saw any American approaching he would slip the button into his pocket for fear, as he said, "they might think I am trying to show off."

Postage Stamps

The post office department says that no postage stamps are legal tender, but all postage stamps since 1861, if in an undamaged condition, are good for postage.

Dancing on the Ceiling
Up to a few years ago in the rural sections of the Tyrol in Austria, the "ceiling dance" usually ended each party. Balancing their partners upside down over their heads, the husky maidens would dance on the ceiling. Collier's Weekly.

Stowing Ship's Canvas

Seventeenth century captain's orders to stow some of the ship's canvas: "Haul down the foretopgallant sail and maintopgallant sail! In with the spritsail! Let go this spritsail! Haul down the clew lines! In with the maintopgallant! Cast off the foretopgallant bow lines!"

Enjoying the Fortune

Jud Tunkins says a vast fortune enables a man to sit in a rocking chair on a front porch. Others can enjoy the same luxury. Rocking chairs are cheap and front porches can always be borrowed.

Crater, 600 Feet Deep

Two Russians, who sealed Arach, a volcano 8,100 feet high, in Kamchatka, crossed a barrier of snow and found the fiery crater, 450 to 600 feet deep, and a mile in circumference.

Played Four Instruments

Bethoven was an expert at playing the violin, organ, viola and clarinet.

Mr. and Mrs. B. R. Burke, Mrs. Chase Webb and E. Morley Webb and Mrs. Nelson Shibley attended a party at the Seigle home in Evanston Saturday night.

SCARLET FEVER
CASE REPORTEDGreat Care Being Taken to
Prevent Spread of
Malady

Jean Sherman, eighth grade pupil in the Antioch schools, has been placed under quarantine for scarlet fever, Health Officer Dr. H. F. Beebe reported Monday, and two others, Florence Verkest and Dorothy Miller, have been placed under observation at their homes, due to slight illness.

It is reasonably certain that the disease did not originate in the schools, according to both Dr. Beebe and Principal Ralph E. Clabaugh, as the case developed shortly after the two weeks vacation period. Every precaution is being taken to prevent the spread of the malady by the teachers and the health officer who plan to quickly isolate every case of illness. Parents are advised to regard with suspicion every case of sore throat or other sickness and to have a medical examination upon the first symptoms of illness.

The only other case of contagious disease reported during the week was that of Helen Horton, seventh grade pupil, who has measles.

Aside from these cases, school attendance is above the average for this time of year, according to Mr. Clabaugh.

LIBRARY RECEIVES
GENEROUS GIFT

A gift of forty volumes from from Buddy Anderson, and gifts of books from many other donors was reported recently by the directors of the Antioch Public Library. Some of the volumes have been duplicated, but this has been an aid in supplying readers, according to Miss Mary Stanley, librarian.

The October and November books from the Junior Literary Guild represent the last purchases to be made by the library from that source for a time at least, directors reported. The librarian feels that the selection of recent books for juvenile readers is very fine, and that while many are being read there are also a great many volumes that have not been read. It is her advice that the present supply be read before incurring additional expense for new volumes at this time.

Purchased from the Guild recently are the following volumes: Young Douglas—Nolan; House—Bennett; From Jungle to Zoo—Mann; Fairies and Enchantress—Williams-Ellis; Mike and Mary—Petersham; Back to Buckeye—Hall; Beard the Airliner—Ploberly; My Poetry Book—Hutts; From the "Book of the Month" Club—Now Frontiers—Wallace; The Challenge to Liberty—Hoover; Israfel—Life and Times of Edgar A. Poe—Allen; The 40 Days at Musn Gagh—Werfel.

LAKE COUNTY TALENT
TO RE-PRODUCE
WLS BARN DANCEFarm and Home Bureau
Seek Performers for Big
Show Jan. 23-24-26

If you can sing, dance, yodel, play any kind of musical instrument, or give a fair imitation of any of the well known radio characters of the famous Saturday night Barn Dance broadcasts of the Prairie Farmer and WLS from the stage of the Eighth Street theatre, then you may have a chance to show your wares to an entertainment line at the big community talent entertainment, to be staged by the Lake County Farm and Home Bureau at the Warren Township High School auditorium on January 23, 24 and 26.

A cast of 100 or more local people is expected to take part in this big production, and this large and splendid cast of community talent artists from Lake County towns and rural communities will be coached and directed by a skillful director from the PRAIRIE FARMER-WLS radio station of Chicago.

The Farm and Home Bureau have received special permission from the Prairie Farmer-WLS radio station, through their authorized representatives,

Meister Brau
TAVERN

2208 W. Washington St.
Waukegan, Ill.

OYSTERS AND FISH
ON FRIDAY

Dapco to the Old Time and Modern Music on Friday and Saturday, played by Emil Swanson and Bob Winters.

tives, to present this reproduction of their Eighth Street Theatre Barn Dance Show. This will undoubtedly be one of the greatest shows ever offered to the people of Lake county.

Impersonations of all the famous radio stars of WLS including Uncle Ezra, Lulu Belle, George Gobel, Spareribs, The Three Little Maids, Skyland Scotty, Linda Parker, Red Foley, Oley Yonson, The Camberland Ridge Runners, Hank and Hilram, the Westerners, the Lazy Farmer, the Hoosier Hot Shots, and many others will be a feature of the show.

Announcements will be given out over the air from Prairie Farmer-WLS several days before the show is given. Watch for these announcements at the Trolley Hour by Check Stafford, 7:20 to 7:30 a. m., and the Dinner Bell Hour by Art Page between 12:15 and 1:00 p. m. The announcements will come as regularly as possible during these days. Also listen in for the "try-outs" announcements over WLS.

Try-outs will be held in the Farmers Hall at Grays Lake at 7 p. m. January 10, and 17. Talented people from all parts of the county, with town and country, are invited to come and participate in these try-outs. This will be a country-wide affair and will be the greatest array of community talent artists ever presented to a Lake county audience.

Big Stage and Screen Show

Kenosha Theatre Sat., Sun.

On the screen at the Kenosha Theatre Saturday and Sunday will be shown Fanny Hurst's "Imitation of Life" with Claudette Colbert and Warren William, stars of "Cleopatra."

In addition you will see Max Baer and King Levinsky fight in pictures—11 minutes of fast fighting action taken in Chicago last week.

As usual 5 acts of vaudeville equal to any we have ever had.

WOMEN'S PAGE

EAT CEREALS for ENERGY

Some like "porridge hot" and some like "porridge cold" but our daily porridge supply we should have in some form to supply the abundant amount of energy necessary to carry on an active existence. Since the time the Mother Goose porridge rhyme was written, however, amazing things happened to tiny grains before they appear on our breakfast table.

The result is that cereals come to us in many different forms. There are the crisp flakes, the ones we cook, the shredded variety, the puffed grains, and the crunchy, nutty kind—a wonderful selection! We need never tire of any one of them, and which helps to keep our food budget they are always available at a price low. Grain, in fact, is our most economical source of energy-giving foods.

Besides being a source of energy, all cereals contain the important vitamin B, which promotes growth. Vitamin B we find in the germ portion of the grain, and as it is valuable in stimulating the appetite it is especially recommended for growing children. Vitamin E is also present, and through a process known as irradiation some cereals contain also vitamin D. The mineral content varies according to the portion of the grain used. Phosphorus and iron are generally present.

A food which is so nutritious, and which costs so little should not be regarded solely as a breakfast food. More and more cereals are being used as a part of nearly every menu. For breakfast the family usually likes them with sugar and cream or top milk, and sometimes with fruit or in hot breads.

Make your breakfast more interesting by keeping on hand a supply of several different kinds of cereals, both cooked and uncooked. Your family will enjoy such a plan. For luncheon they may be combined with other foods as an entree, and the ready-to-eat ones are used in soup instead of croutons. Often cooked cereal is served plain as an accessory to other dishes. Many busy men and women often like nothing better than a bowl of cereal for lunch.

On the tea table we find all sorts of delicious sweets made of cereals—cookies, macaroons, and even confections. If the main course for dinner is a fish, meat, or a croquette which needs egging or crumbing before frying or a scalloped dish which needs crumbs some of the cereals make an excellent substitute for the crumbs. Combined with cheese we have a main-course dish which is inexpensive. Delicious hot puddings and even frozen desserts have cereals as a foundation.

Vegetable Potpourri
1 medium onion, chopped
2 tablespoons shortening
1/2 cup chopped carrots
1/2 cup chopped celery
2 cups canned tomatoes
1 cup oatmeal
1/2 cup canned string beans
1/2 cup canned peas
4 cups water
1 1/2 teaspoons salt
1/2 teaspoon pepper
1 teaspoonful Worcestershire sauce
Heat the shortening in a frying pan and add the chopped onion. Cook until the onion is slightly browned. Add the tomatoes, celery, and carrots, and cook for 30 minutes. Add the Worcestershire sauce, salt, pepper, peas, string beans, and oatmeal, and cook for 20 minutes longer.

Grapenut Waffles
4 teaspoonful baking powder
2 cups pastry or cake flour
1/2 teaspoonful salt
1 1/2 cups milk
1/3 cup melted fat
2 eggs
1/4 cupful grapenuts.

Sift and measure the flour, add the dry ingredients, and sift again. Beat the egg yolks and add the milk. Stir the liquid ingredients into the dry ones; add the melted fat. Fold in the stiffly beaten egg whites and grapenuts just before baking the waffles. Bake in a hot waffle iron for 2 or 3 minutes. This recipe makes 7 or 8 large waffles.

Apricot-Rice Fluff
1 1/2 cups dried apricots
1/2 cupful granulated sugar for apricots
1 cupful whipping cream
2 cupsful cooked rice
3 tablespoonful powdered sugar
1/2 teaspoonful cinnamon
1/4 teaspoon lemon extract

Wash the apricots and simmer in just enough water to cover for 35 minutes. The water should be nearly evaporated; if not, drain. Add the 1/2 cupful of sugar and continue cooking for 5 minutes. Remove from the fire, beat to a pulp, and cool. Whip the cream until thick but not stiff. Add all the powdered sugar, rice, cinnamon, extract, and mix thoroughly. Beat in the apricot pulp and pour into a paper-lined bread pan or large refrigerator pan. Chill for 2 or 3 hours, but do not freeze. Serve in glasses. Serves 8 to 10.

Bran Doughnuts
3 cupsful sifted flour
4 1/2 teaspoonfuls baking powder
1 1/2 teaspoonfuls salt
1/4 teaspoonful nutmeg
1 1/2 cupsful bran
2 tablespoonfuls shortening
1/2 cupful sugar
3 eggs well beaten
1/4 cupful milk

Sift the flour once; measure, add the baking powder, salt, and nutmeg, and sift together three times. Cream the shortening thoroughly, add the sugar gradually, and cream together until light and fluffy. Combine the eggs, milk, and bran. Add to sugar mixture and mix thoroughly. Add the flour, beating after each addition until smooth. Chill until firm enough to roll. Roll one-third inch thick on a slightly floured board and cut with floured doughnut cutter. Fry in deep hot fat (355 degrees F.), turning frequently, until golden brown. Drain on unglazed paper. Sugar if desired. Makes 3 dozen doughnuts.

Bran-Flakes Bread
2 cupsful sifted flour
4 1/2 teaspoonfuls baking powder
1/2 cupful soda
1/2 cupful salt
1 cupful raisins
1/3 cupful sugar
1 egg, well beaten
1 cupful sour milk or buttermilk
4 tablespoonfuls melted shortening
2 cupsful bran flakes

Sift the flour once; measure, add the baking powder, soda, salt, and sugar, and sift again. Combine the egg, milk, and shortening. Add to the flour mixture, beating only enough to dampen all the flour. Add the bran flakes, the raisins dusted with flour, and blend. Bake in a greased pan, 8 by 4 by 3 inches in a moderate oven (350 degrees F.) for 1 hour, or until done.

Flake Chews
1/2 cupful molasses
1/2 cupful light corn sirup
2 teaspoonfuls vinegar
1/4 teaspoonful salt
2 tablespoonfuls butter
3/4 cupful flakes
1/4 cupful chopped walnuts

Combine the molasses, corn sirup, vinegar and salt. Cook until a small amount of sirup forms a hard ball in cold water (250 degrees F.). Remove from the fire and add the butter. Pour slowly over the flakes and nuts. Mix well. Shape into 1-inch balls.

Colds A Penalty Of Modern Life

Colds Are Catchy. And Only Hermits May Be Free Of Them

By Dr. Wilson G. Smille
Professor of Public Health Administration, Harvard University
School of Public Health

Are colds catching? Yes, certainly, they are. The virus of colds is abundant in the secretions of a person with a cold, and is spread to others by the victim through sneezing and coughing. This is particularly true when a person is just coming down with a cold. During the later stages of the disease—after the fourth or fifth day—a person with a cold probably will not give it to others.

One Way to Escape Colds
If one could only live the life of a hermit, quite away from everyone else, he would never catch cold, even though the weather were as cold as Greenland. Studies have been made at Spitzbergen, a Norwegian coal mining camp of some 600 people living within the Arctic circle. These people are cut off from the world from October to late May by the ice. Their work is rigorous and full of exposure; yet they do not catch cold all winter long. When the ice goes out and the first ship arrives in Spitzbergen from Norway late in May, the whole community comes down at once with colds.

One of the penalties that we pay for our active life in a modern civilization is that we can have no isolation. In the course of a single day each of us comes in contact with a hundred or more people.

Thus it is almost impossible for a person in modern life to avoid contact with people who are suffering from colds. Infants can, and should be, protected from such contacts. Elderly people and invalids may be seriously affected by colds. They can and should protect themselves from contact with people who have colds. It is not possible, however, for the active busy person in the office, shop or school to protect himself at all times from persons who are sneezing and coughing with a cold. Some degree of exposure is unavoidable.

Roll in coconut if desired. Makes 3 dozen.

Wheat Cereal au Gratin
2 cupsful cooked wheat cereal
1/2 cupful grated cheese
1 can tomato soup

It is best to use the cereal while it is still warm. It should be cooked and salted according to the directions on the package. Place 1 cupful of the cooked cereal in a baking dish. Cover with one-half of the tomato soup and sprinkle with one-half of the grated cheese. Add the rest of the cereal. Cover with the remaining soup and sprinkle the remainder of the cheese over the top. Bake for 15 or 20 minutes in a moderate oven.

Oatmeal Muffins
2 cupsful uncooked oatmeal
1/2 cupful sugar
1/2 cupful soda
1 cupful flour
1 1/2 cupsful sour milk
1 teaspoonful salt
2 eggs, well beaten
2 tablespoonfuls melted shortening

Soak the oatmeal for several hours in the sour milk. Sift together the flour, soda, and salt, and add to the oatmeal and sour milk. Add the sugar, melted shortening, and well-beaten eggs. Stir just enough to moisten the dry ingredients.

Pour into greased muffin tins, and bake in hot oven (400 degrees F.) Makes 12 muffins.

Robin's Egg Blue Paint Brightens Flat Maple Desk

One or two pieces of painted furniture can rejuvenate a whole room, especially if the paint used has been a delightful robin's egg blue such as is seen on a stunning flat-topped desk. In fact, the color scheme of a morning room or woman's bedroom can be built around this item. The top of the desk is left in the natural wood, a lovely light golden maple with a waxed finish, while the sides and legs and the front are done in blue. There are five drawers and an interesting little natural maple chair, with a robin's egg blue and yellow striped fabric on the seat accompanies the desk.

Lovely Bowls Complement Potted Plant

This is the season of the year when green, growing things are most appreciated in the house, and it is easy to have them when the stores are showing such a variety of artistic bowls for bulbs, and a line of hardy bulbs, as well.

One gift shop, known for its unusual merchandise, is showing lovely, creamy yellow and white pottery bowls with curving, petal-like edges, filled with bulbs. The price is extremely reasonable.

A well known seed and plant store, has an enormous array of hyacinth, narcissus and freesia bulbs from which one may make one's selection, and then get a dish for them at an adjoining counter. Little pots of trailing ivy, and many of the easy-to-grow flowering plants, may also be purchased.

Household Hints

To Choose Colors.
According to a well-known stylist, the color of the skin rather than the hair should be used as a guide in the choice of becoming colors. A skin with a golden cast is complemented by brown, dark green and yellow green. Pinkish skins look best attired in black, purplish blue and very dark green.

Attic Makes Den
The word attic is gradually becoming an anachronism now that the conception of an up-to-date house has changed. At a very low cost it is possible to remodel the third floor, merely by covering over the old walls and partitioning off rooms. A den for father, a playroom for the children, or just a shower or bathroom on the top floor will relieve congestion.

If you've teen-age tendencies about desserts, try liquid honey over vanilla ice cream, with a few chopped nuts—call it Fountain Sundae!

My Favorite Recipe

Frances Lee Barton
HAVE you waffles fans at home? Almost every one has. If Sunday night supper is a waffle time with

spring this surprise waffle on the family the next time you bring the waffle iron out. Make them with delicately fine cake flour so they will be feathery, light and an unqualified success.

Orange Waffles
2 cups sifted cake flour; 2 teaspoons double acting baking powder; 1/2 teaspoon salt; 4 table-spoons sugar; 1 1/2 teaspoons grated orange rind; 2 egg yolks, well beaten; 2/3 cup milk; 6 table-spoons melted butter; 2 egg whites, stiffly beaten.

Sift flour once, measure, add baking powder, salt, and sugar, and sift again. Add orange rind to egg yolks and mix well; combine with milk and add to flour mixture, beat only until smooth. Add butter and blend. Fold in egg whites. Bake in hot waffle iron. Serve hot with butter and orange sauce. Makes four 4-section waffles.

Food Market Advice

Poultry an Outstanding Value
SOMETIME this week FOWL, in the form of chicken (fricassee or chicken pie), will appear on the tables of most thrifty housewives. Not only is it an excellent buy, fine in quality and low in price, but it is a change from meat and roast chicken, or other poultry. Several vegetables which go well with fowl are plentiful and low priced, including both NEW and OLD POTATOES, SWEET POTATOES and YAMS, CARROTS, ONIONS, BEETS and RUTABAGA TURNIPS. CAULIFLOWER and BROCCOLI are not so cheap but offer good value.

The scarcity and high price of GREEN BEANS and SPINACH is offset by the low-priced plenty of other greens including several types of CABBAGE, MUSTARD and DANDELION GREENS and ESCAROLE. All of these are eaten either raw or cooked, others such as CHICORY, ICEBERG, BOSTON and ROMAINE LETTUCE, WATERCRESS and BELGIAN ENDIVE are usually eaten raw. ARTICHOKE, CELERY and MUSHROOMS are moderate in price but good quality PEAS are high.

Meats, Butter and Eggs Still Higher
MEATS, BUTTER and EGGS have continued to go up in price during the past week. Not enough butter nor enough eggs are being produced to meet the demand. The situation is very temporary for eggs as we are approaching the big laying season. No great increase in butter production, however, can be looked for until late spring. LAMB LEGS, forequarter cuts of BEEF and PORK cuts other than LOINS offer the best meat values.

Eating Apples Now Large
EATING APPLES are now conspicuous for their large size, especially the DELICIOUS and WINESAP varieties. NAVEL ORANGES too, are running in larger sizes than a year ago. Good FLORIDA ORANGES are still available even though the damage by the freeze to the mid-season crop has turned out to be serious. GRAPEFRUIT are good, plentiful and cheap.

LEMONS are fairly cheap, more so than in hot weather and they are essential to many of our most delicious desserts such as gelatin, lemon meringue pie and lemon chiffon pudding. ORAPES, PEARS and PINEAPPLES are available but fairly high. BANANAS very little in price. At this season when it is difficult to get them fully ripe they should be cooked in various ways.

Here is a menu made up from foods which are both reasonable and moderately priced:

Stuffed Celery
Chicken Fricassee with Dumplings
New Parsley Potatoes
Carrots, Julienne
Lettuce and Chicory Salad
French Dressing
Cherry Preserves
Rolls and Butter
Lemon Meringue Pie
Coffee

*This menu tested and tasted in the A&P Kitchen.

"Here's a Farm Implement That Has Paid Its Own Way"

In convenience alone, the telephone is worth to you every penny of its small cost. But it is more than that—it's a money MAKER. Countless actual cases have proved that it pays its own way in dollars and cents. It is only with knowledge that the business of farming can be conducted intelligently. The farm telephone brings knowledge of markets and prices, and the year's times EXTRA profits and savings that are made because of it should more than pay for telephone service. Every farm needs a telephone. Remember, it works for very small pay. Call our Business Office, or any telephone employee will gladly help you place your order.

WAUKEGAN COKE

• creates comfort
• creates savings

Keeping your home uniformly comfortable in cold weather is easy... if you burn Waukegan Coke. Makes clean, even, healthful heat. Eliminates waste. Saves you money. There is an economical size for your furnace or boiler. Ask your fuel dealer now to send you a supply.

Antioch Dairy---

(continued from page 1)
Is believed they favor continuing deliveries to the local plant if a bonded buyer can be found to take their product.

Wieland-Firm, Pure Milk Says.
Citing the many closings of country plants in this area, A. M. Krah, director of public relations for the Pure Milk Association, today in a telephone conversation with a representative of the News, said the As-

sociation was powerless to influence the Wieland company in its decision to pick up milk from platforms. Many of the larger companies are turning to "platform delivery" as a means of cutting expenses, according to Mr. Krah.

If, eventually, the local plant is closed it means the loss of an industry to the community, and also the almost complete dissipation of the large investment that has been required to place the local plant as one of the best and most efficient in all the Chicago milk shed.

GRADE SCHOOL "In School Days" HIGH SCHOOL NOTES

Sequoits Lose to Palatine 27-14

The local basketball team was defeated by a lanky Palatine aggregation 27-14. The game was played on the latter's floor, along with several other things, gave the hosts to the Sequoits a decided advantage. The loss of Stiefenburg early in the game spelled doom for Antioch. Hahnfeldt, Pirate center, scored six baskets and played about the best of any of Coach Megala's men. Bishop and Simpson each scored two baskets for Antioch.

The lightweight squad lost 21-14 after leading for nearly three quarters. Williamson, Brogan, King, and Walsh outdid themselves, collapsing only after complete exhaustion had settled over them.

With half the season gone it might be appropriate to remark that the Sequoits have learned a great deal from early season experience and undoubtedly will improve their first half record of five wins and four defeats in the remainder of the campaign.

The first year typists have three winners receiving their awards. Sarah Perry received her thirty-word certificate, June Gilmer her thirty-word certificate, and Evelyn Van Patten her twenty-five word certificate.

Virginia Tidmarsh, a second year typist, received her forty-word pin. The "Sequoit News" will be out this Friday. The paper will be changed slightly. "Advice to the Lovelorn"

Diet Subject at January PTA Meeting

Mrs. Ruby Richey, home economics instructor at the Antioch Township High School, will be the speaker at the January meeting of the Parent-Teachers association to be held at the grade school Monday night, Jan. 14. Her subject will be "Feeding Our Children."

Grade Team Defeats Lake Villa, 12-10

The Antioch grade school basketball team defeated Lake Villa Friday evening, 12 to 10. Antioch boys taking part in the game were Roger Williams, Robert Strang, Bob Burko, Roger Brogan, Francis Pacini, and Winsor Dalgard.

Tomorrow the Antioch team goes to Round Lake.

Tonight there will be a conference meeting to draw up the schedule for the remainder of the basketball season.

Is the new article with expert advice given.

The freshmen intended to have a dance, but because fifteen of their members are out of school at present they have postponed it to a later date when all can attend.

camp. Those on Christmas and New Year's leave have returned.

Work is still being pushed, in spite of inclement weather on the removal of the black muck along the river bank and its replacement with gravel with the black dirt on top.

Union Free High School Standings for the South Eastern Wisconsin Conference of Basket Ball teams:

Team	Won	Lost	%
Union Grove	3	0	100
Wilmot	2	1	66.6
Norris Farms	2	1	66.6
Watertown	1	2	33.3
Rochester	1	2	33.3
Mukwonago	0	0	000

Team	Won	Lost	%
Walworth	3	0	100
Genoa City	2	1	66.6
Chillico	2	1	66.6
Darles	1	1	50.0
Williams Bay	0	2	000
Palmyra	0	3	000

Schedule of games: Norris Farms and Wilmot at Norris Farms Friday, Jan. 11; Wilmot plays Rochester at Rochester on Jan. 18. The next home game will be with Union Grove at Wilmot gymnasium, Friday, Jan. 25th.

During the Christmas vacation a public address system was installed in the school building. Its installation was made possible by contributions from the Class of 1935; Class of 1936; the Wilmot Patrons Club; the Music Department of the High School and the Board of Education of the High School. Speakers are located in all the class rooms and in the assembly and all are under direct control of the office.

The system is to be used for educational and administrative purposes and recreational purposes during recreational periods.

Monday evening, January 14, there will be a meeting at the school to organize a part time school. The school will be opened to anyone interested in advanced agricultural education between the ages of 16 and 30. Any one interested should be present at the meeting or interview Martin M. Schnurr, principal, before that time.

Wilmot Groups Select New Officers. Masonic Lodge No. 241 and Wilmot chapter of the O. E. S. joined in holding an impressive open installation of new officers at the Masonic hall on Thursday evening.

Masonic officers inducted into office at that time include: Herbert Sarbeck, Worshipful Master; John Meloni, Senior Warden; Frank Novacek, Junior Warden; Ray Loth; Earl Deacon; Joseph Oberhofer; Junior Deacon; Arthur Heasler, Treasurer; Charles Freeman, secretary; Earl Ward, Senior Steward; Harry Lubano, Junior Steward; John Sutcliffe, Tyler.

Henry Lubano, installing officer, and O. Wicks, installing chaplain, were in charge of the installation.

O. E. S. officers installed were: Georgia Panklin, Worthing Matron; John Sutcliffe, Worthing Patron; Florence McDougall, associate matron; Frank Novacek, associate patron; Agnes Brooks, conductress; Emily Druel, associate conductress; Edith Hockney, secretary; Rose Sutcliffe, treasurer; Bertha Ganger, marshal; Caroline Larwin, organist; Elizabeth Druel, chaplain; Jane Dowell, Ada; Elona Sarbeck, Ruth; Angelina Lishka, Esther; Sylvia Novacek, Martha; Iris Richter, Edele; Flora Westlake, warder; Henry Lubano, sentinal.

Installing officers were Mrs. Robert Dousman, worthy grand matron; Mrs. Ada Brown, Lake Geneva, who is past grand matron and lecturer.
